Dear Ms. Bjornson,

Thank you for the drawings.

I had some questions:

1. Can you identify which product goes with which design?
2. Also could you provide some external dimensions? Without dimensions, I might think that I was viewing a rat station or a prairie dog station.
3. Lastly, can you provide any specifications for the internal design?

You,

Dear Ms. Bjornson,

They are in review with a PRIA Due Date of Feb 3, 2010.
Can you send me specifications and drawings for both Type III
bait
stations?
That will be critical in documenting and preserving the link
between
the data and the tested unit.

Thank You,
